TESTIMONIALS

It's been an amazing learning experience to work with Astorianz Industries Pvt. Ltd during my summer internship. I got an opportunity to showcase all the learnings we had during first year at TIMSR. Some of the key aspects self-acquired during the tenure of internship are practical application of Service quality, Total Quality Management (TQM), and the

Just in Time (JIT) technique. I convey my sincere gratitude to TIMSR Management, Faculty Members & Mentors for showing trust & guiding throughout the journey.

Sushant Shinde (PGDM Operations 19-21)

Digitalization has become the need of the hour and TIMSR not only acknowledges that but has also inculcated it beautifully in its Tool Kit Program (TTK) through the way of virtual learning. The program aimed at overall development through

DMS (Daily Mindfulness Sessions) that helps the students to keep their minds calm and composed as well as focused in the right direction. I convey gratitude to TIMSR Mindful Educators (ME) for such a memorable experience.

Rashi Narula (PGDM HR 20-22)

It was a learning experience from the Induction Program like Glossaries, Mind maps, Soft Skills, Do it Now or Never, Building Positive Attitude & many more.-It's not over; Alum from different domain invested their precious time for us from their busy schedule and shared their experiences which really helped all of us.

I would like to extend my deepest thanks to the TIMSR Management, Alums, and Mentors for inspiring me to improve every bit of my performance.

Ashish Gawas (PGDM Operations 20-22)
