#### About Perspective Plan / Strategic Plan

TIMSR's operational strategy revolves around its comprehensive Perspective Plan, meticulously formulated and executed under the leadership of the Head of Institution (HOI), Deputy Director, Heads of Departments (HODs), Controller of Examination (COE), Administrative Officer (AO), Librarian, Placement Officer, and various cells and committees. The Perspective Plan integrates inputs from critical bodies such as the Advisory Board, Internal Quality Assurance Cell (IQAC), and College Development Committee (CDC), ensuring a holistic approach to institutional development. This plan receives final approval from the Governing Council, thereby establishing a structured roadmap for achieving academic and operational milestones.

Under the Perspective Plan, TIMSR has implemented significant initiatives aimed at enhancing its educational offerings and infrastructure. These include obtaining ISO 9001:2015 certification, expanding student intake in its Master of Management Studies (MMS) program from 120 to 180 students, getting funds from the government and industry for research projects or other activities, to participate in NIRF ranking, to establish a Ph.D. Research Centre and a state-of-the-art FinTech Lab. These initiatives underscore TIMSR's commitment to continuous improvement and innovation in response to evolving educational and industry demands.
