About Perspective Plan / Strategic Plan

TIMSR's operational strategy revolves around its comprehensive Perspective Plan, meticulously formulated and executed under the leadership of the Head of Institution (HOI), Deputy Director, Heads of Departments (HODs), Controller of Examination (COE), Administrative Officer (AO), Librarian, Placement Officer, and various cells and committees. The Perspective Plan integrates inputs from critical bodies such as the Advisory Board, Internal Quality Assurance Cell (IQAC), and College Development Committee (CDC), ensuring a holistic approach to institutional development. This plan receives final approval from the Governing Council, thereby establishing a structured roadmap for achieving academic and operational milestones.

Under the Perspective Plan, TIMSR has implemented significant initiatives aimed at enhancing its educational offerings and infrastructure. These include obtaining ISO 21001:2018 certification, expanding student intake in its Master of Management Studies (MMS) program from 180 to 240 students, establishing a Ph.D. Research Centre, improving placement packages, increasing research publications, launching new academic programs and increasing engagement of Alumni. These initiatives underscore TIMSR's commitment to continuous improvement and innovation in response to evolving educational and industry demands.
